Boys and Tobacco.

A sensible writer says a good thing, and a true one, too, for boys who use tobacco: It has utterly spoiled and utterly ruined thousands of boys. It tends to the softening and weakening of the bones and it greatly injures the brain, the spinal marrow, and the whole nervous fluid. A boy who smokes early and frequently, or in any way uses large quantities of tobacco is never known to make a man of much energy, and generally lacks muscular and physical as well as mental power. We would particularly warn boys, who want to be anything in the world, to shun tobacco as a most baneful poison.

The Cincinnati Gazette, editorially commenting on the recent prize fight between McCoolle and Allen, says: "The affair was at once an exhibition of the glory and shame of the prize ring. In Allen we see a display of the highest pluck and physical perfection—a triumph of superior breeding over superior bulk. In the crowd we see an exhibition of a brutal ferocity which shames the human form. A custom which brings together such a crowd of villains can do nothing to create the habit of fair play in the chance collisions of men, nor can it offer any feature that can redeem it from this disgusting depravity of its followers."

All the above notices were called attention to the Oil Creek & Allegheny River R. R., and the Standard time railway calendar faster than Franklin Branch and A. & G. W. R. R. time. We are of the opinion that the proprietors of the Oil Creek & Allegheny River R. R. are of the opinion that they sustain as Druggists is good evidence that they would not put anything in the market of an ordinary character. Messrs. A. D. MILLER & CO have it for sale and we hope all our friends will try it.
